May 10, 2022

Governor Tony Evers
115 East Capitol
Madison, WI 53702

Dear Governor Evers:

It has been an honor and a privilege to serve as a member of the University of Wisconsin System Board of Regents. Please accept my resignation, effective May 1, 2022.

I want to express my gratitude to Governor Scott Walker for appointing me to this position, for trusting me with the opportunity to serve our System, and for giving me the ability to do so independently. I am grateful to have served alongside a group of devoted, hard-working, and thoughtful fellow Regents and to meet and work with exceptional people from around the System, including chancellors, faculty, other System leaders, and Presidents Ray Cross and Tommy Thompson - who stepped up at a time when UW needed him and led the system through the challenges of COVID. I am also grateful to have had the opportunity to work closely with Drew Petersen as his Vice President as he led the Board with diligence and dedication through a demanding two-year term as President. Our System is better because of the efforts of each one of those people.

The University of Wisconsin is among the most important institutions in our state, and it is imperative that those of us who have the privilege of serving as Regents act diligently to protect and strengthen that institution for current and future generations, always and only focusing on what is in the best interests of the University and our fellow citizens. I wish my former Regent colleagues and the newly appointed Regents well as they work to move our System forward into the future.

Sincerely,

A handwritten signature in blue ink that reads "Michael M. Grebe".

Michael M. Grebe
