Re: Balloonist LLC & Data Center Development

Dear Administrator Atkinson,

After careful consideration of the data center project proposed by Balloonist, LLC., I have determined that it is not a suitable fit for the City of Menomonie. Please contact the representatives of Balloonist, LLC., and inform them that we will not pursue a development agreement or the creation of a tax increment district for a data center development.

Sincerely,

A handwritten signature in black ink that reads "Randy Knaack". The signature is fluid and cursive, with the first name "Randy" and last name "Knaack" clearly distinguishable.
