### **Ascension Wisconsin Reaches New Agreement with UnitedHealthcare, Ensuring Continued Access to In-Network Care**

**Milwaukee, WI – Oct. 14, 2025** – Ascension Wisconsin is pleased to announce it has reached a new agreement with UnitedHealthcare (UHC), securing uninterrupted, in-network access to care for patients covered under UHC’s Commercial, Medicare and Medicaid plans.

This renewed agreement ensures that individuals and families with UnitedHealthcare coverage can continue receiving high-quality care at Ascension Wisconsin’s hospitals, clinics and outpatient facilities without disruption.

“This agreement is more than just a contract,” said Daniel Jackson, CEO of Ascension Wisconsin. “It is a reaffirmation of our Mission to serve all with dignity and compassion. By securing fair and sustainable reimbursement, we are able to continue supporting our caregivers, strengthening our ministries, and providing high-quality, compassionate care across the communities we serve.”

Ascension Wisconsin extends its gratitude to our patients, caregivers and partners for their continued trust, support and patience throughout this process. The organization remains committed to building collaborative relationships with insurers to ensure access to the care people need—especially for the most vulnerable populations.

“We are grateful for the partnership and patience of those we serve as we navigated this important agreement,” added Jackson. “Together, we will continue our healing ministry and our commitment to the health and well-being of our communities.”

#### **About Ascension Wisconsin**

In Wisconsin, Ascension delivers care through 16 hospitals, 12 of which are wholly owned, and four that are jointly operated, and more than 100 related healthcare sites, with more than three million patient visits each year. Ascension Wisconsin is a non-profit and Catholic health system with a Mission of delivering compassionate, personalized care to all with special attention to persons living in poverty and those most vulnerable. Ascension sites of care in Wisconsin have been serving patients and their communities since 1848. More than 12,000 employed associates serve communities in Southeastern Wisconsin and the Fox Valley region. In FY24, Ascension Wisconsin provided more than \$250 million in community benefit.
