

### **Ahlstrom Bottled Water Program Fact Sheet**

- Ahlstrom is announcing the launch of a bottled water program for eligible residents in the Town of Stella and surrounding communities.
- Under the Ahlstrom bottled water program, residents of the Town of Stella and surrounding communities within a three-mile radius of the Stella Town Hall are eligible to receive bottled water free of charge. No well testing is required.
- Langan Engineering and Environmental Services is serving as the program contact and administrator of the program.
- The bottled water will be delivered regularly to eligible residents by Culligan Water, a well-known provider of high-quality water to customers across the country. The Wisconsin Department of Natural Resources currently uses Culligan Water for their bottled water program in the area.
- Eligible residents will receive five-gallon jugs on a monthly basis, which will include delivery of full jugs and collection of empty jugs at the residence. Culligan Water will also provide participating residents with floor-stand water dispensers.
- The Ahlstrom bottled water program will operate for at least one year beginning January 2026. Prior to the one-year anniversary of the program in January 2027, Ahlstrom will evaluate the program and determine next steps.
- Ahlstrom is contacting eligible residents by mail to inform them of the program.
- Eligibility information and instructions on how to sign up to receive bottled water is available via a QR code or by contacting Langan at 715-994-9894.
- Residents who are eligible to participate in this bottled water program and are receiving bottled water from the bottled water program sponsored by the Wisconsin Department of Natural Resources can elect to transfer to the Ahlstrom bottled water program, and Culligan Water will continue to provide bottled water uninterrupted and free of charge.
